8 BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT  
9 WAYNE, INDIANA:

10 SECTION 1. That the following described territory be and  
11 the same is hereby annexed to, and made a part of, the corporation  
12 of the City of Fort Wayne, Indiana, to-wit:

13 Part of the Northeast Quarter of Section 29,  
14 Township 31 North, Range 12 East and part of the  
15 Northwest Quarter of Section 28, Township 31 North,  
16 Range 12 East more particularly described as follows:

17 Beginning at a point located 50 feet East and 1325.75  
18 feet South of the Northwest Corner of Section 28,  
19 Township 31 North, Range 12 East, said point being on  
20 the East right-of-way line of Hillegas Road; thence  
21 West 50 feet to the Southeast Corner of the Northeast  
22 Quarter of the Northeast Quarter of Section 29-31-12;  
23 thence continuing West along the Southline of the  
24 Northeast Quarter of the Northeast Quarter of Section  
25 29-31-12 a distance of 708 feet to the Southeasterly  
26 right-of-way line of Interstate Highway No. 69 (I-69);  
27 thence Northeast with a deflection angle to the right of  
127 degrees 45 minutes 30 seconds along the  
Southeasterly right-of-way line of I-69 a distance of  
735.55 feet; thence Northeast with a deflection angle to  
the right of 7 degrees, 36 minutes a distance of 151.34  
feet along the Southeasterly right-of-way line of I-69;  
thence Northeast with a deflection angle to the left of  
7 degrees 36 minutes a distance of 301.84 feet along the  
South right-of-way line of I-69 to a point located 50  
feet East and 405.29 feet South of the Northwest Corner  
of Section 28, Township 31 North, Range 12 East, said  
point being on the East right-of-way line of Hillegas  
Road; thence South along said East right-of-way line, a  
distance of 920.46 feet to the point of beginning,  
containing 8 acres more or less.

28 The boundaries of said territory are those outlined  
29 in the location map designated Goodyear Annexation, two  
30 copies of which are on file in the office of the Clerk  
31 of the City of Fort Wayne and available for public  
32 inspection as provided by law.

SECTION 2. That the City of Fort Wayne will  
furnish the above described territory within a period of  
one (1) year from the effective date of annexation,  
planned services of a non-capital nature, including

1 police protection, fire protection, and street and road  
2 maintenance, in a manner which is equivalent in standard  
3 and scope to those non-capital services provided to  
4 areas within the City of Fort Wayne which have similar  
5 topography, patterns of land utilization and population  
6 density to the said described territory. The City of  
7 Fort Wayne will also provide services of a capital  
8 improvement nature, including street construction,  
9 street lighting, sewer facilities, water facilities and  
10 stormwater drainage facilities to the annexed territory  
11 within three (3) years of the effective date of  
12 annexation, in the same manner as such services are  
13 provided to areas already in the City of Fort Wayne with  
14 similar topography, patterns of land utilization and  
15 population density, and in a manner consistent with  
16 federal, state and local laws, procedures and planning  
17 criteria.

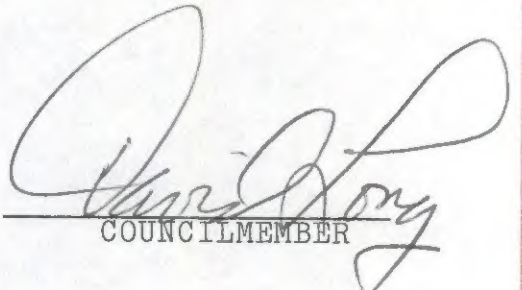

18  
19 SECTION 3. That governmental and proprietary  
20 services will be provided to the above described  
21 territory in a manner consistent with the written Fiscal  
22 Plan for the territory developed by the Division of  
23 Community and Economic Development. Said Plan was  
24 examined by the Common Council of the City of Fort Wayne  
25 and is approved and adopted by the Common Council by and  
26 upon the passage of this Ordinance. Two copies of said  
27 plan are on file in the office of the Clerk of the City  
28 of Fort Wayne and are available for inspection as  
29 required by law.

30 SECTION 4. That said described territory shall be  
31 a part of Councilmanic Political Ward No. 3 of the City  
32 of Fort Wayne, Indiana, as described in Division I,  
Section 2-9 of Chapter 2 of the Municipal Code of the  
City of Fort Wayne, Indiana of 1974, as amended.

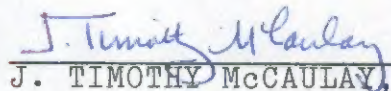

SECTION 5. That, after adoption and any and all  
necessary approval by the Mayor, this Ordinance shall be

1  
2 published as provided for in I.C. 36-4-3-7. The above  
3 described territory shall become part of the City of  
4 Fort Wayne on December 31, 1991.

LEGAL NOTICE

Notice is hereby given that on the 23rd day of April, 1991, the Common Council of the City of Fort Wayne, Indiana, in a Regular Session did pass the following Bill No. X-91-02-43 Annexation Ordinance No. X-02-91 to-wit:

Bill No. X-91-02-43

ANNEXATION ORDINANCE NO. X-02-91

AN ORDINANCE annexing certain territory commonly known as the Goodyear Annexation Area to Fort Wayne and including the same in Councilmanic District No. 3.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That the following described territory be and the same is hereby annexed to, and made a part of, the corporation of the City of Fort Wayne, Indiana, to-wit:

Part of the Northeast Quarter of Section 29, Township 31 North, Range 12 East an part of the Northwest Quarter of Section 28, Township 31 North, Range 12 East more particularly described as follows:

Beginning at a point located 50 feet East and 1325.75 feet South of the Northwest Corner of Section 28, Township 31 North, Range 12 East, said point being on the East right-of-way line of Hillegas Road; thence West 50 feet to the Southeast Corner of the Northeast Quarter of the Northeast Quarter of Section 29-31-12; thence continuing West along the Southline of the Northeast Quarter of the Northeast Quarter of Section 29-31-12 a distance of 708 feet to the Southeastly right-of-way line of Interstate Highway No. 69 (I-69) thence Northeast with a deflection angle to the right of 127 degrees 45 minutes 30 seconds along the Southeastly right-of-way line of I-69 a distance of 735.55 feet; thence Northeast with a deflection angle to the right of 7 degrees, 36 minutes a distance of 151.34 feet along the Southeastly right-of-way line of I-69; thence Northeast with a deflection angle to the left of 7 degrees 36 minutes a distance of 301.84 feet along the South right-of-way line of I-69 to a point located 50 feet East and 405.29 feet South of the Northwest Corner of Section 28, Township 31 North, Range 12 East, said point being on the East right-of-way line of Hillegas Road; thence South along said East right-of-way line, a distance of 920.46 feet to the point of beginning, containing 8 acres more or less.

The boundaries of said territory are those outlined in the location map designated Goodyear Annexation, two copies of which are on file in the office of the Clerk of the City of Fort Wayne and available for public inspection as provided by law.

SECTION 2. That the City of Fort Wayne will furnish the above described territory within a period of one (1) year from the effective date of annexation, planned services of a non-capital nature, including police protection, fire protection, and street and road maintenance, in a manner which is equivalent in standard and scope to those non-capital services provided to areas within the City of Fort Wayne which have similar topography, patterns of land utilization and population density of the said described territory.

The City of Fort Wayne will also provide services of a capital improvement nature, including street construction, street lighting, sewer facilities, water facilities and stormwater drainage facilities to the annexed territory within three (3) years of the effective date of annexation, in the same manner as such services are provided to areas already in the City of Fort Wayne with similar topography, patterns of land utilization and population density, and in a manner consistent with federal, state and local laws, procedures and planning criteria.

SECTION 3. That governmental an proprietary services will be provided to the above described territory in a manner consistent with the written Fiscal Plan for the territory developed by the Division of Community and Economic Development. Said Plan was examined by the Common Council of the City of Fort Wayne and is approved and adopted by the Common Council by and upon the passage of this Ordinance. Two copies of said plan are on file in the office of the Clerk of the City of Fort Wayne and are available for inspections required by law.

SECTION 4. That said described territory shall be a part of Councilmanic Political Ward No. 3 of the City of Fort Wayne, Indiana, as described in Division I, Section 2-9 of Chapter 2 of the Municipal Code of the City of Fort Wayne, Indiana of 1974, as amended.

SECTION 5. That, after adoption and any and all necessary approval by the Mayor, this Ordinance shall be published as provided for in I.C. 36-4-3-7. The above described territory shall become part of the City of Fort Wayne on December 31, 1991.

## INTRODUCTION

Since its inception, the City of Fort Wayne has been annexing land adjacent to its corporate limits. The Goodyear Annexation is a logical continuance of this policy.

This Fiscal Plan, which is required by State Annexation Law, explains why the Goodyear Annexation area meets the state law requirements for annexation. Also, this plan gives basic data regarding the area, describes the services which will be furnished to the area upon annexation by the City, and summarizes the fiscal impact of annexation upon the City.

## SECTION ONE

### BASIC DATA

#### A. LOCATION

The area proposed for annexation is located west of the City of Fort Wayne and is bounded on the east by the present corporate limits, on the west by the east right of way of Interstate Highway # 69, and on the south by the southernmost boundary of tract # 53 in Section 29, Township 31 North, Range 12 East in Washington Township. (see Figure 1)

#### B. SIZE

The Goodyear Annexation area contains approximately 8 acres.

#### C. POPULATION

This area contains industrial development. It has no residential units or population.

#### D. BUILDINGS

Industrial 1 structure in good condition

#### E. PATTERNS OF LAND USE

	<u>Acres</u>	<u>Percent</u>
Industrial	2.8	35%
Vacant	3.2	40%
Right of way	<u>2.0</u>	<u>25%</u>
TOTAL	8.0	100.0%

#### F. ZONING

The Goodyear Annexation area is currently zoned Light Industrial-Plan (I-1P). Upon annexation, this area will be under jurisdiction of the City Plan Commission and will be zoned Light Industrial (M1). (see Figure 2)

FIGURE 1

## GOODYEAR ANNEXATION

FIGURE 2

## GOODYEAR ANNEXATION

### Zoning

G. TOPOGRAPHY

The Goodyear Annexation area primarily contains Blount silt loam and Morley silt loam. It has been determined by using U.S. Geological Survey Maps that the area has a low relief and that the general slope of the area is approximately 0 to 6 percent.

H. ASSESSMENT

\$202,970

I. NET TAX RATE: (1990 payable 1991 rates)

Existing:	\$4.944458	
After annexation:	\$7.475400	
Increase:	\$2.530942	(51 percent increase)

J. COUNCIL DISTRICT

The Goodyear Annexation area will be in City Council District 3.

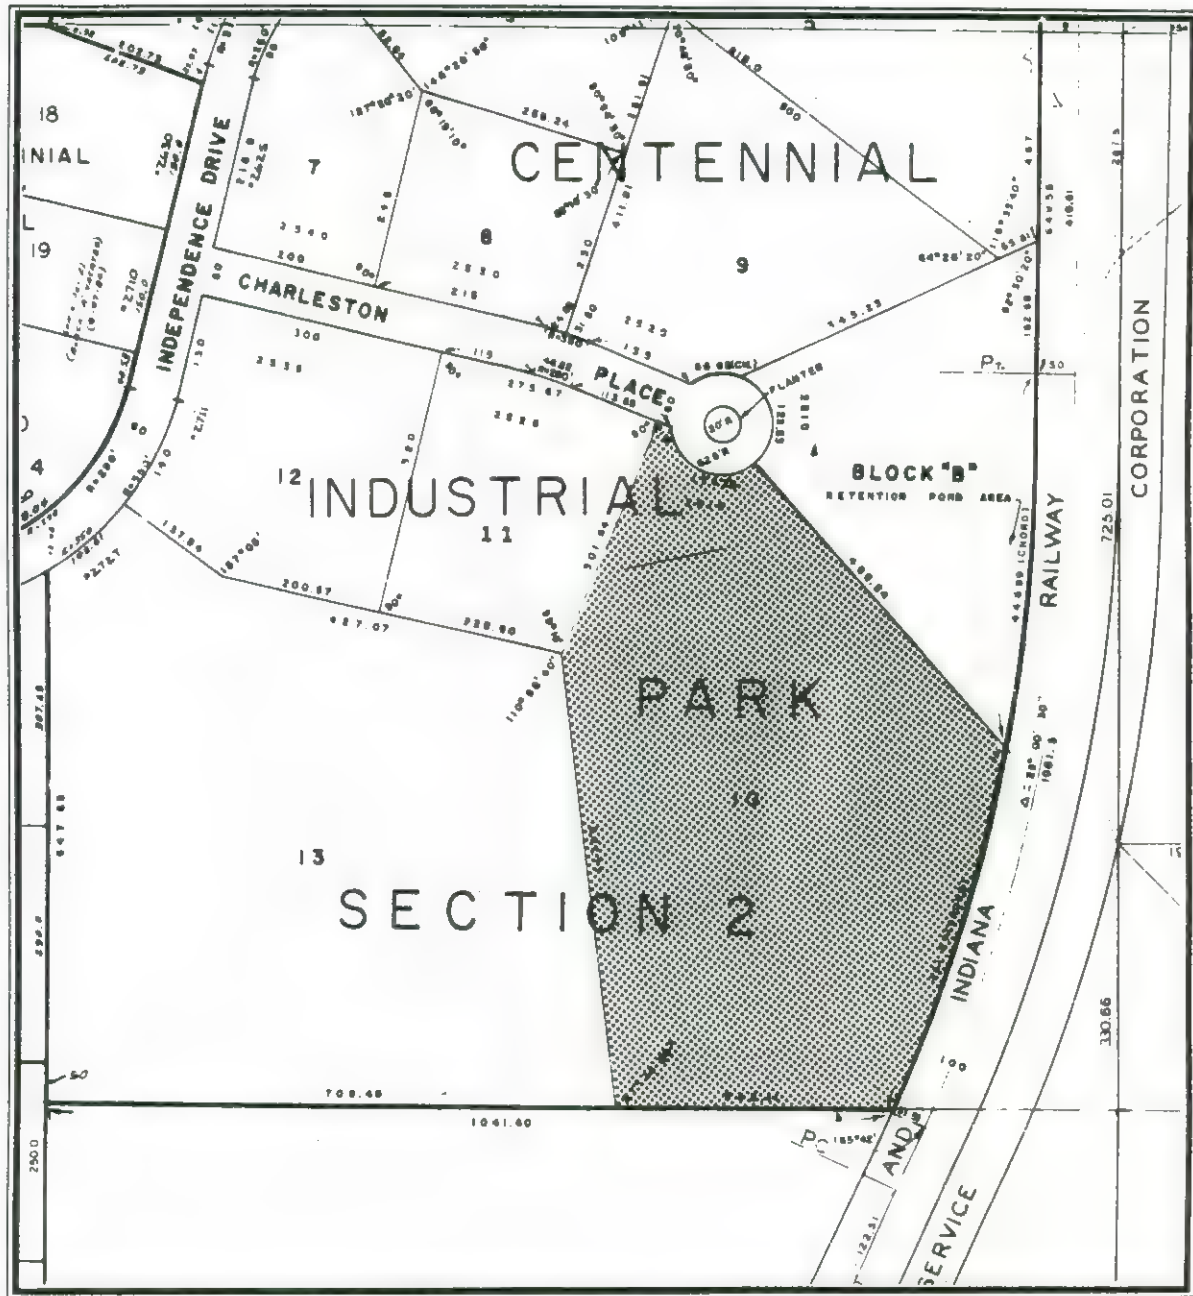

K. SELECTED AREAS WITHIN CORPORATE BOUNDARIES WITH SIMILAR TOPOGRAPHY, PATTERNS OF LAND USE, AND POPULATION DENSITY

As the City of Fort Wayne has uniform service standards throughout its corporate boundaries, all areas of similar topography, patterns of land use, and population density receive the same level of service. A representative area within the City comparable in topography, patterns of land use, and population density to the Goodyear Annexation area is the Murray Equipment Area (See Figure 3).

FIGURE 3

Patterns of Land Use:	Light Industrial	Light Industrial
Population Density:	0 persons per acre	0 persons per acre

No areas within the City with similar topography, patterns of land use, and population density as the Goodyear Annexation area are receiving services higher in standard or greater in scope than those services promised the Goodyear Annexation area.

## SECTION TWO

### THE COMPREHENSIVE ANNEXATION PROGRAM

The annexation of the Goodyear area is part of a larger comprehensive annexation program prepared by the Department of Community Development and Planning, which was promulgated in a report in 1975 and which was consequently updated in 1976. The Annexation Policy and Program Study was the culmination of a year and a half of extensive study and is used as a policy guide for the City's annexation program. The report recommends that "all urban land contiguous to the City limits should become part of the City" as should "all non-urban land required to complement the annexation of urban land and provide the ability to control and manage urban growth". Because the Goodyear area met this criteria in 1975-76, the report identified it as part of a larger area which was recommended for annexation.

## SECTION THREE

### STATE LAW REQUIREMENTS

#### A. INTRODUCTION

When pursuing an annexation, a municipality must ensure that the proposed annexation is in accordance with state law. The existing statute(IC 36-4-3) provides cities with two options for annexing areas. However, the municipality must meet the guidelines for only one of the options. The two options are:

1. The area must be at least one-eighth contiguous (12.5%) to the municipality and meet at least one of the following three conditions:

- a. have a population density of at least three persons per acre;
- b. be zoned for commercial, business, or industrial uses;
- c. be at least sixty percent (60%) subdivided;

2. The area must be at least one-fourth contiguous (25%) to the municipality and the municipality must show that the area is needed and can be used by the municipality for its development in the reasonably near future.

In both instances, the municipality must also prepare a fiscal plan. The fiscal plan must provide cost estimates of the services to be furnished to the annexed territory, along with the methods used to finance such services.

The Goodyear Annexation area meets the first option that has been established to determine the validity of annexations. The remainder of this section will explain how the Goodyear Annexation meets the first annexation test in accordance with State Statute.

#### B. ONE-EIGHTH CONTIGUOUS

Figure 4 illustrates the length of the external boundaries of the annexation area. As can be seen, 32.1% of the annexation areas boundaries are contiguous to the City of Fort Wayne. Therefore, this annexation easily meets the 12.5% contiguity requirements mandated by State Statute.

As mentioned in the introduction, if the annexation is at least one-eighth contiguous to the municipality, it can be annexed if any one of the three conditions are met. The Goodyear Annexation meets condition (b) outlined above in that it is zoned for industrial uses.

## SECTION FOUR

### MUNICIPAL SERVICES

This section of the Fiscal Plan forecasts the costs and methods of financing services for the Goodyear Annexation area. The plan also describes how and when the City plans to extend the services which are non-capital and capital in nature. The following section demonstrates how the City will satisfy the requirements of Indiana State Law in provision of services and financing of same in an equitable manner.

As required by state law, the annexation area will receive planned services of non-capital nature in a manner equivalent in standard and scope to those non-capital services provided to areas within the corporate boundaries that have similar topography, patterns of land use, and population density. In addition, the annexation area will receive services of a capital improvement nature in the same manner as those services are provided to areas within the corporate boundaries that have similar topography, patterns of land use, and population density.

All services both of a non-capital nature and of a capital improvement nature described in subsequent subsections of the Municipal Services Section will be provided to the Goodyear Annexation area in a manner equivalent in standard and scope to those capital and non-capital services provided to areas within the corporate boundaries that have similar topography, patterns of land use, and population density, including but not limited to the Murray Equipment area.

#### A. POLICE DEPARTMENT

The services provided by the Fort Wayne Police Department include the prevention of crime, the detection and apprehension of criminal offenders, assistance for those who cannot care for themselves or who are in danger of physical harm, resolution of day-to-day conflicts among family, friends, and neighbors, and the creation and maintenance of a feeling of security in the community. The Police Department is involved in legal work and protection of constitutional rights. Lastly, the Police Department performs traffic control, promotes civil order and provides educational and technical assistance in the area of crime prevention and neighborhood services.

Police District #2 will be expanded to cover the Goodyear Annexation area upon annexation. The Police Department keeps tabulations on the amount of personnel and equipment necessary for the City's annexation program, and has determined that additional personnel are not required for this particular annexation.

The cost to provide protection to the annexation area will be \$115 per year. This cost is based on a patrolman's average hourly rate of \$12.17 multiplied by an estimated 45 minutes spent per call. This amount is then multiplied by the estimated number of calls (1 per month) for service to this area. This total, which equals \$109.53, is the direct personnel cost. A small non-personnel cost of 5 percent is then added to the above total. This gives the overall cost of \$115 annually to service the annexation area. Funding for police services in the annexation area will be derived primarily from local property taxes through the General Fund.

Capital Costs:	\$0
Estimated Annual Operating Costs:	\$115

#### B. FIRE DEPARTMENT

The Fort Wayne Fire Department will be responsible for providing fire protection services to the Goodyear Annexation Area immediately upon annexation. The services provided include, but are not limited to, full fire suppression activities, fire prevention, EMS support-first responder, emergency hazardous material response, public education, and fire investigation. Primary response will come from Fire Station #6 located at 1600 West Coliseum Boulevard. The response time from this station to the annexation area, which is 1.5 miles, is approximately 4 to 6 minutes. One Class A Pumper and one emergency medical car are located at this station. Secondary response will come from Fire Station #7 located at 1622 Lindenwood Avenue, with an average response time of 5-8 minutes.

The annexation of the Goodyear area will not require a new fire station, nor will it require additional personnel or equipment. For the year 1989, the cost per run was approximately \$940, which represents the cost per run for the operation of the total department. The estimated number of runs into this area would be one per year. The only other additional expenses in operating costs are expected to be gasoline, postage, and photography. These operating costs are considered to be negligible since the annexation area represents only a small fraction of the total area serviced by the City. Funding for these increments in operating costs will come from the Fire Department's budget through the General Fund.

CAPITAL COSTS:	\$0
ESTIMATED ANNUAL OPERATING COSTS:	\$940

#### C. EMERGENCY MEDICAL SERVICE (EMS)

At the present time, Three Rivers Ambulance Authority is the provider of ambulance service for the City. Properties in the

Goodyear Annexation area will receive full advanced life support ambulance service immediately upon annexation.

A number of ambulances are stationed throughout the City 24 hours a day. Upon receiving a request for service from the annexation area, the ambulance closest to the area will be dispatched to the annexation area. For some emergencies, such as heart attacks, the Fort Wayne Fire Department will provide extra assistance. Primary assistance will come from Station #6 at 1600 West Coliseum Boulevard. The Fire Department trains a number of its personnel so that each fire station has an emergency medical technician. Therefore, if needed, firemen are able to administer medical treatment before the ambulance arrives.

The method of financing emergency medical services is based on user fees. The charges for ambulance service are shown below:

TABLE 1

1. \$120 plus \$5 per loaded mile for non-emergency transfers scheduled 24 hours in advance.
2. \$170 plus \$5 per loaded mile for non-scheduled non-emergency transfers
3. \$380 plus \$7.50 for emergencies for all City and non-City residents.

This method of financing permits service to be extended to the annexation area with its existing budget. No additional manpower or equipment will be needed to service the annexation area.

ESTIMATED ANNUAL COST: \$0

#### D. SOLID WASTE DISPOSAL

The City of Fort Wayne does not provide garbage collection to commercial or industrial areas. Since the annexation area is industrial, there will be no increase in the overall cost of solid waste collection and disposal to the City of Fort Wayne.

CAPITAL COSTS: \$0  
ESTIMATED ANNUAL COST: \$0

#### E. TRAFFIC CONTROL

The City's Traffic Engineering Department will assume responsibility for traffic control in the annexation area immediately upon the effective date of annexation. Some of the services that can be provided by the department are surveys and

investigations of traffic conditions and problems. The department also provides installation and maintenance of traffic control devices such as stop lights, control signs, and fire alarm systems.

The City's Traffic Engineering Department will not require any additional personnel to perform its services in the Goodyear Annexation area. An annual cost of \$54 will be incurred for the roadway paint program. Funding sources will come from real estate taxes and Motor Vehicle Highway funds.

CAPITAL COSTS:	\$0
ESTIMATED ANNUAL COST:	\$54

#### F. STREETS AND ROADS

The incorporation of the Goodyear Annexation area will add .17 miles of arterial streets to the City street system. This segment of road is in good condition. The Fort Wayne Street Department will be responsible for the general maintenance of all of the streets in the annexation area immediately after the annexation. General maintenance includes snow and ice removal, leaf pick-up, and surface maintenance. The Street Engineering Department will also provide engineering services and construction supervision for all streets, alleys, and sidewalks that will be constructed within the proposed annexation area. The provision of these services to the annexation area will not require any additional personnel or equipment, and they will be similar to those services already provided to the rest of the City.

The average cost of general street maintenance is \$5,912 per mile of street per year. Therefore, the annexation will cost the City approximately \$1,005 a year in street maintenance costs. The source of funding for street maintenance is the Street Department budget which is composed of funds from the Motor Vehicle Highway (MVH) program. The Street Engineering Department funds come from MVH, Federal Aid Urban (FAU), and Local Arterial Roads and Streets (LARS) programs.

CAPITAL COSTS:	\$0
ESTIMATED ANNUAL COST:	\$1,005

#### G. PARKS AND RECREATION

The services and facilities of the Fort Wayne Parks and Recreation Department are currently available, with Franke Park, a 298 acre community park, being the closest. Upon annexation, property owners, through the Park General Tax, will contribute to the maintenance of the park system.

CAPITAL COSTS: \$0  
ESTIMATED ANNUAL COST: \$0

H. WATER

The Fort Wayne Water Utility is presently serving the annexation area. When the area is annexed into the City, the property owners who are using the City of Fort Wayne Utility system will no longer have to pay the out-of-city surcharge.

CAPITAL COSTS: \$0  
ESTIMATED ANNUAL COST: \$0

I. FIRE HYDRANTS

The City pays the Fort Wayne Water Utility \$221.26 annually for each fire hydrant located within the City. Since the annexation area contains 1 fire hydrant, the City will pay the Water Utility \$221.26 a year after the area is annexed into the City. This money will be taken from the General Fund.

Capital Costs: \$0  
Estimated Annual Cost: \$221

J. SANITARY SEWER

The Fort Wayne Department of Water Pollution Control (WPC) presently provides sanitary sewers to the annexation area. The City will provide engineering services as needed to this area upon annexation.

CAPITAL COSTS: \$0  
ESTIMATED ANNUAL COST: \$0

K. STORM SEWERS

Upon annexation, the Department of Water Pollution Control will not consider capital improvements for storm sewers unless petitioned by the property owners of the area. The City does not have storm sewer relief funds available for this type of project. It is the City's policy, for all properties within the City, that the financing of storm sewers is the responsibility of property owners.

CAPITAL COSTS: \$0  
ESTIMATED ANNUAL COST: \$0

L. STREET LIGHTING

It is the goal of the City of Fort Wayne Street Lighting Department to light every unlit intersection within the City limits, to reduce night accidents, facilitate traffic flow, aid police protection, and inspire community spirit and growth. Therefore, the Street Lighting Department will continue to maintain the existing facilities at the intersection of Hillegas Road and Coliseum Boulevard West upon annexation. No additional lighting will be required.

CAPITAL COSTS: \$0  
ESTIMATED ANNUAL COST: \$0

M. ANIMAL CONTROL

Due to the location, size, and nature of this annexation, an increase in staff or additional funding for the Animal Control Department will not be needed when this area is annexed.

CAPITAL COST: \$0  
ESTIMATED ANNUAL COSTS: \$0

N. ADMINISTRATIVE SERVICES

All administrative functions of the City will be available to the Goodyear Annexation area immediately upon the date of annexation. These services include, but are not limited to, the Law Department, the City Plan Commission, the Mayor's Office, the Board of Works, the Metropolitan Human Relations Department, the City Clerk's Office, the Citizen's Advocate Office, etc. General administration includes all of the regulatory and program functions of the various City departments. When the area is annexed, City departments will be notified and will expand their jurisdictional areas accordingly.

CAPITAL COSTS: \$0  
ESTIMATED ANNUAL COST: \$0

## SECTION FIVE

### PLAN FOR HIRING GOVERNMENTAL EMPLOYEES DISPLACED BY ANNEXATION

It is not anticipated that due to the annexation of the Goodyear area, any governmental employees will be eliminated from other governmental agencies. However, if any governmental employee is displaced as a result of this annexation and makes application with the City of Fort Wayne for employment within thirty days after displacement, such employee will be treated as if the employee were a City employee on "lay-off" status for purposes of hiring for any vacant position similar to the government position from which the individual was displaced.

## SECTION SIX

### FINANCIAL SUMMARY AND RECOMMENDATION

The purpose of this section is to project the revenues and expenditures from the proposed Goodyear Annexation. This section also provides a five-year summary of the expenditures compared with the revenues.

#### A. REVENUES

Property taxes are the main source of revenue to be received from the Goodyear Annexation area. Property taxes are computed from the gross amount of assessed valuation in the area and can be obtained from the Office of the Washington Township Assessor. The formula for computing tax revenue is shown in the following table:

TABLE 2

#### Tax Revenue Formula

$$\frac{V}{100} (T) = TR$$

WHERE: V = Assessed Valuation  
T = City Tax Rate  
TR = Tax Return

The total assessed valuation of the proposed Goodyear Annexation is \$202,970. Property tax revenue for 1991 can then be determined by applying the Fort Wayne/Washington Municipal tax rate (3.2533) to this figure giving a total property tax revenue of \$6,603. Table 3 details the components of this tax rate. Using a 3 percent rate of inflation, the property tax revenue for 1993, the first year that taxes would be due to the City after annexation, would be \$7,005. A portion of this revenue would be supplied from the State Property Tax Relief Fund.

This annexation will also enable the City to receive additional money from the Motor Vehicle Highway (MVH) and from the Local Arterial Roads and streets (LARS) Funds. This is because these funds are allocated according to street miles. In 1989 the City received \$5070 per street mile from the MVH Fund and \$2,433 from the LARS Fund. The annexation area will add .17 miles to the City's street system. Therefore, the City will receive an additional \$862 from MVH and an additional \$414 from LARS because of the Goodyear Annexation.

In addition to property taxes and highway funds, the City receives revenues from the Community Development Block Grant, the Cigarette Tax, the County Option Income Tax (COIT), and the Alcoholic Beverage Tax. Some of these grants and funds are based in part on the City's population. Since population is only one element of a very complex distribution formula, the direct contribution of the Goodyear Annexation cannot be calculated. Still, most of these funds will increase with city population increases.

B. EXPENDITURES

Expenditures which were reported in the section on Municipal Services are summarized in Table 4. Capital costs are one time expenditures, while operating costs are continuing expenses. Since the needs of the annexation area must be treated equally with the needs of other similar areas in Fort Wayne, capital improvement projects, such as construction of streets, curbs, and sidewalks, must follow routine city procedures which often require petitioning.

On the following page, Table 4 details the costs that will be incurred by each department upon the annexation of the Goodyear Area.

C. FIVE YEAR SUMMARY

The Five Year Summary shows the projected expenditures compared with the tax revenues expected in the Goodyear Annexation area for the first five years after it is incorporated into the City of Fort Wayne.

The summary automatically includes for each of the five years a 7 percent inflation factor for municipal expenditures, and a 3 percent increase factor for City revenues.

Property tax revenue from the annexation area will not be collected until 1993. Assuming the area is annexed in December of 1991, assessment will occur in March of 1992, with revenues being collected in 1993. Since revenues are not collected for one year after the effective date of annexation, the City will experience a loss of \$2,498 in 1992. On the following page, Table 5 details the revenues minus the expenses for the Goodyear area over the next 5 year period.

TABLE 5

D. RECOMMENDATIONS

This Fiscal Plan, which meets the state law requirements that a fiscal plan be prepared, shows that the Goodyear Annexation is in accordance with the applicable state statutes. Therefore, it is recommended that after the passage of the annexation ordinance and its approval by the Mayor, this area should be annexed by the City of Fort Wayne on December 31, 1991.
